

Freshies Feted With Speeches, Weiners, Songs and Festivities

Class of '39 Met In Union Last Night

INFORMALITY REIGNED
Campus Organizations Issued Welcome To College Newcomers

FRESHETTES and Freshies received their first taste of college social life last night in a combined weiner roast and dance held in the cafeteria of the McGill Union under the auspices of three student organizations, the Women's Union, the Students' Council and the Student Christian Movement. This event is a departure from the programs of previous years, when such affairs were deferred until the opening of lectures. The roast immediately followed the game between Eastwards and McGill at the Molson Stadium.

The weiners—with horse radish and coffee—were served in the Union Cafeteria. Continuing in the aim of presenting a very informal spirit so that the bashful Fresh might meet on a more congenial basis, the organizations in charge of the festivities introduced some community singing in which both male and female raised their voices in vociferous union.

Song and Dance
The singing was led by George Owen, Law representative on the Student Council, and vice-president of the same organization. Owen also acted as master of ceremonies for the evening. Ruth Cunningham, representing the Student Christian Movement, lent a hand in the management of the dancing which took the form of marches and Paul Joneses.

John A. Nolan, president of the Student Council, welcomed the Fresh in the name of that organization. The traditional college cheers and songs were rendered by the large gathering.

A green Freshman class is always the object of a certain amount of good-natured ridicule on the part of omniscient upperclassmen, who crashed the party under the guise of first-year men. In fact the percentage count of those present showed a good majority of the former voracious hot-dog eaters.

A number of Scarlet Key Society members were present, in the role of perambulating information booths. The inquiring reporter too had a good field for exploration, as witness the conversation quoted below.

Conversation Piece

UE: Are you a representative freshman?

HE: Yes (meekly).

UE: According to our records on population density, the average freshman lives in the middle of Lake Superior. Do you?

HE: Yes (very meekly).

After this answer, we decided that if this was the average freshman, we had better drop the subject, even if he did drown.

Just then another freshman, waiting his turn, approached us as the fountain of all knowledge. "Tell me, Sir," he asked deferentially, "are you a real newspaperman?" We agreed, tilting our hat back at a rakish angle like Spencer Tracy.

"What newspaper do you work for?"

"The Daily," we came back snappily. He seemed somewhat disappointed, but not completely discouraged.

"I understand that we have to pay two cents for each Daily. Would we get a reduction for a large quantity?"

At such an exhibition of abysmal ignorance, we were rendered speechless—an unusual state—with respect. And if you think this resembles something out of Bob Ripley's column, you try getting something intelligent from a Freshman—of either sex.

Air Club Receives Glider Saturday

Glider Presented By MacDonald Company In Exchange For Cigarette Cards

The McGill Flying Club is starting its activities this year with a new addition to its equipment in the shape of a new glider presented by the W. C. MacDonald Tobacco Company. The new glider is of an advanced type designed by German engineers and built in England. It has wings of forty-two feet and a semi-enclosed cockpit.

Tests have been conducted at the St. Hubert Airport by Mr. Wolff von Wernsdorff from New York, and the glider has been found to be in perfect condition.

The official presentation of the machine will take place Saturday afternoon at the Molson Stadium just before the football game with R.M.C. It is expected that the machine will be presented by Mrs. W. M. Stewart and that Principal Morgan will accept the glider on behalf of the University.

The club has also received another primary glider which D. Pangelly has brought from Jamaica.

Principal Morgan Welcomes Freshmen

Principal Morgan Issues Message

Word Of Welcome To Freshmen And Upper Class Students Received

PRINCIPAL MORGAN, who at noon today addresses the Freshman Class sent the following message of Welcome to the Daily. Principal Morgan, who was himself a Freshman last year, welcomes all those who come to McGill, whether for the first time or

Principal's Message

As a new session opens I welcome the opportunity of greeting all students, whether they are entering for the first time or returning to upper classes. Another year begins today and we return to face our work with vigour and hope. For eight months we shall live together, each of us in several ways playing a part in a common task. You students come very rightly to take what the University can give you; but there is much that you can give, and the more you give the more you will get. Such is the price and the privilege of fellowship, and only as a fellowship has a university any meaning or existence.

I urge you to be enthusiastic, to live intensely. Be keen in your activities, whether at work or at play; have faith in your ideals and in yourself. Cynicism is a negative thing, a snarling cur of hell; the hounds of heaven are eager.

for the last year of a Post Graduate course. The Principal issues a yearly message of welcome through the medium of the Daily and the Students' Handbook.

Graduates Receive Honourable Mention

Professor Collip Awarded Degree At Harvard Celebrations

STAFF APPOINTMENTS

McGill men participated in many fields of endeavor this summer and were the recipients for various awards. Foremost among them stands Professor Collip, head of the department of Biochemistry who was awarded the honorary degree of Doctor of Science at Harvard's tricentennial celebrations.

Two McGill graduates, Dr. G. H. Hurst and Dr. James Marden received "1935" Scholarships which are awarded to students showing special aptitude for original research in the natural sciences. Dr. Hurst will study nuclear physics at the University of California. Dr. Marden will study at the Massachusetts Institute of Technology.

Pugsley Gets Degree

William H. Pugsley, Commerce '34, was granted the degree of Master of Business Administration at Harvard University. Pugsley was one of the seven graduates obtaining their degree "with high distinction" out of a graduating class of 271.

Dr. J. S. Foster of the Department of Physics delivered an address at the Conference of Spectroscopy at M.I.T. in which he told of the discovery of the cause of dry rot in turnips. This plant disease is caused by a surplus of

Catholic Club Holds Meeting On Sunday

Mass Will Be Celebrated In Lady's Chapel

The Newman Club of McGill will inaugurate the eighth year of its existence with the celebration of Holy Mass on Sunday morning, October 11 at 9:45, in Congress Hall, 464 Dorchester St. west. Mass will be followed by Communion, Breakfast and a short meeting. All Catholic students at McGill are invited to attend.

The meeting will include the introduction of new members, discussion of policies, and future activities. This will be first of a bimonthly series, which feature prominent speakers who will discuss topics of general interest to the students. Each of these meetings are preceded by Mass and Communion Breakfast.

The purpose of the Newman Club is the furtherance of the spiritual, intellectual, and social welfare of its members and the enhancement of the general interests of the university as a whole. The society takes its name from the eminent writer and ecclesiastic, Cardinal Newman.

Order-In-Council Gives Murray Broadcast Control

Associate Editors

There will be an important meeting of all Daily Editors today at one o'clock in the Daily offices. It is imperative that all associate editors be present.

Official Statement Made Yesterday

Corporation Begins Legal Existence November 2nd

APPOINTMENT of Major W. E. Gladstone Murray, founder and first Editor-in-Chief of the McGill Daily, as general manager of the newly organized Canadian Radio Broadcasting Corporation was revealed officially last night in an exclusive statement to the Daily by Col. Wilfred Bovey, director of extra-mural relations and member of the governing body of the Canadian Radio Corporation. The Corporation will officially start its existence on November 2.

Col. Bovey said: "The Governors unanimously and enthusiastically recommended Major Murray as General Manager of the Radio Broadcasting Corporation and the government implemented this recommendation by an Order-in-Council within two days." Discussing the news, Col. Bovey commented: "I have received many comments, almost all very favourable."

MURRAY, CANADIAN

Major Murray, an active member on the staff of the British Broadcasting Corporation since 1922, was considered the logical choice for the position because of his technical experience, his Canadian citizenship, and his familiarity with the present system of broadcasting. His salary will be \$13,000 per annum, while an assistant general manager will receive \$12,000.

The Canadian Radio Broadcasting Corporation replaces the Canadian Radio Commission founded in 1933, and will become active on November 2. It is governed by a board consisting of nine members.

Journalism has played a big part in the life of Major Murray, and one local

Players Inaugurate Fifteenth Season Of Productions

Aims Remain Unchanged To Give Contemporary Plays For College Audiences

PINEO, PRESIDENT

Two Major Productions Presented Each Year In Moyse Hall

A NEW season again brings changes to the Players' Club personnel. This winter the club will be led by Charles C. Pineo who succeeds Harold Weber to the Presidency. Pineo will supervise the Players' Club's fifteenth year of campus life. He stated that although the technique of production has much improved since that time the aims of the club remain the same—namely the production of contemporary plays of the highest order. He also stated that the forthcoming plays, one of which is to be announced at the first annual meeting, are of exceptional dramatic value as well as being in the nature of a novel departure from the usual fare presented on Montreal stages.

For the benefit of new-comers to the University who may not be certain of how to join the club or what it would entail, Pineo made the following statement:

Information For Newcomers

"The Players' Club season is officially opened by the general meeting held early in October. As membership is entirely voluntary, all those wishing to join the club are advised to attend this meeting and become members by

(Continued on Page Three)

REPORTERS WANTED

Undergraduates of either sex are eligible for positions as reporters on the McGill Daily. This year news reporters will have the advantage of trips which will be allotted strictly according to merit; this is a privilege which has not been available for a good many years. Furthermore a new system of free lance reporting will be instituted with the aim of giving the reporters freedom of scope for their talent.

Applicants will be interviewed by the News Editor, Allan Anderson, or by Associate Editor, John Mainwaring, between the hours of 1 and 3 and after five-thirty.

There are about 50 vacancies and former reporters are asked to turn up as soon as possible to give the Managing Board some idea of the assignments to be given.

The Daily plans to experiment with the inauguration of an elementary school of journalism, and this will give aspiring reporters not only an interesting slant on journalism but also a considerable amount of sound practical experience.

Promotion is solely according to work done and sincerity of effort. There is a definite award system and a greater interest than this, a vast amount of interesting and amusing experiences to be lived through.

Popular "Pit" Appears In New Glamorous Attire

Restaurant Enlarged During Summer And Decorated In Modernistic Manner

AMONG the many new features which will greet the returning veteran as well as the freshman, as the college year gets under way once again is the new rejuvenated, re-decorated and generally improved Pit located downstairs in Strathcona Hall.

Founded three years ago as a student cooperative restaurant, this organization has grown with time, until last spring it reached the point where it could no longer satisfactorily look after the amount of customers who came there daily. For this reason the summer months have been occupied in enlarging, and in consequence doing over the entire establishment. To the visitor it presents an entirely new face. Nothing has been left unchanged except the staff and the china.

Decorations New

In accordance with the trend of the times, the decorative scheme has been carried out in the most modern manner. Tables and chairs have been replaced so that they blend with the surroundings, and will help provide another pleasant rendezvous for the many students new and old who travel around the campus in search of a place to eat.

It has always been open to men and women and will continue the same policy. It has been the practice of The Pit in the past to provide part-time work for students who wish to earn their meals. Any students who wish to do this should apply personally during the day.

Band Boosted By Increased Budget

Funds From Council Make New Facilities Possible

REHEARSAL TUESDAY

A new turn in the fortunes of the McGill band is expected this year owing to an increase in the funds allotted to it by the Students' Council. The additional funds mean new instruments, also trips to different universities by the band members. The first excursion of the band this year will be made to Queens.

"The budget increase will be granted only if there is a large turnout this year," pointed out Howard Simpson, "A university of the size and prestige of McGill should have a band of superior quality; this will be made possible this year by the new facilities that are being offered to us. I hope all former bandmen and newcomers will unite to make this a red-letter year for the band."

The first rehearsal will be held this Tuesday five o'clock in the Union Ballroom. Mr. Harry Norris, Honorary president of the Musical Association and coach of the band will be present at this initial meeting. There will be only one other rehearsal before the Queen's game.

Special Bursaries
Judith Seidel and Margaret Taylor, R.V.C. '37, are the recipients of two special bursaries, the first offered by the Local Council of Jewish Women, the other being the Ethel Hurblatt Memorial. Both of these were distributed by the bursary committee of the McGill Alumnae Society at a recent meeting.

In response to the large number of applications, loans aggregating \$375 were distributed in sums ranging from \$50 to \$100.

Although the bursaries are destined for students who need them, they are awarded only to people who have also had a good college record.

Gymnasium Campaign

At a meeting of the Students' Council held last night it was decided that the gymnasium campaign will be opened on the campus shortly. The Campaign has been going on among graduates locally and abroad and to date results have been satisfactory. Further details will be announced later.

McGill Newcomers Guests At Campus Welcoming Events

Principal Addresses New Students In Moyse Hall Today

SMOKER PLANNED

Conversat Scheduled At Strathcona Hall Next Week

To enable newcomers to McGill to adapt themselves to their surroundings, the Student Council, the Women's Union, and the Student Christian Movement have united in extending a welcome to new students at the University, by offering an extensive program in which they are invited to participate. Today at 12 o'clock, the activities, which commenced with the Football Game, and Weiner Roast last night, will be continued as Principal Morgan addresses all new students in Moyse Hall. At this time the newcomers will be formally welcomed to the University.

Tomorrow evening at 8 o'clock the Annual Freshman Smoker will get under way, with a program filled with entertainment and addresses by leading Campus personalities. This introductory major Freshman event, has always served as a means of acquainting the incoming students, with their fellow classmates, and serves also as an introduction to many Campus activities.

Professors Play Host

Following this on Sunday, Oct. 4th at noon, out-of-town men students, will be entertained in Montreal student homes. On the same afternoon, McGill professors will play host to incoming men and women students at college, with teas to be held at their homes.

Conversat Planned

Concluding this program of welcome, a conversat will be held on Thursday, Oct. 8th in Strathcona Hall. Further details will be announced at a later date.

Any further information concerning this program of events may be obtained from John Nolan, president of the Student's Council, or at Strathcona Hall.

Record Attendance Surprises R. V. C.

Number Of American Co-eds Much Higher Than In Former Years

TEA TOMORROW

Juniors Entertain Freshies At Tea Tomorrow Afternoon In R. V. C.

R. V. C.'s unusually small freshman class and the swelled ranks of the sophomore class were accounted for by their warden, Mrs. Walter Vaughan, as being due to the increasing popularity of the Senior Matriculation courses offered in the Montreal public schools. There is a girl occupying almost every available room at the Royal Victoria College this year, however, the record attendance being the largest on record. Over ninety of the hundred and five rooms in the building are being used by students, especially freshmen.

The percentage of American residents is the highest known in the history of the University. Three girls from Newfoundland are living at the college and there are several others who are from distant regions.

The annual fresbie tea, given by the Juniors to make the newcomers feel less forlorn among the crowds of strange faces, will be at 4:30 this Friday afternoon at R.V.C.

Two girls are already on the casualty list although the term has barely opened. One has sprained her ankle had her tonsils removed.

Athletic Archer's Arrows Light City And Suburbs

PLAYING Cupid in time to the fluttering heartbeats of feminine football fandom last night, the Ardent Archer of the Athletic Board twanged his fiery darts into the ether. His reputed target was a number of gutta percha spheroids which were observed floating in aloof detachment over the field.

Apparently, however, the Archer doesn't know his own strength for immediately following the event watchers of the skis from Lachine to Lachute were awed by a superfluity of what they took to be shooting stars, and a severe visitation of small but vicious thunderbolts was reported in the Niagara Valley.

Ships at sea did not escape from the delirious bowman, as reports come in of a skipper and three sailors pinned securely to the mast by one especially good effort and of a maiden lady aboard the Queen Mary who says that she will not rest until she has tracked down the superman capable of finding her port-hole at the first shot.

Vol. XXVI. — No. 1
Montreal, Thursday, October 1, 1936

Welcome

THE MCGILL DAILY wishes to extend to all those entering the University for the first time a most warm and cordial welcome. Many of you newcomers are Freshmen and Freshettes never having attended college before. We hope that you will soon become accustomed to your new environment and endeavour to make the most of your opportunities. During your first week at McGill you will be invited to a number of functions planned for your benefit. At these you will be told something of the work carried on at McGill — scholastic, athletic and social. Listen to all that is said and judge the merits of the various societies and clubs for yourselves. Above all remember that you are at McGill to study. While this is the prime reason for the University there are also others. A University is a great melting pot. At McGill you will have the opportunity of meeting many new people, of making a number of acquaintances and a few good friends. This is important. Make all the friends you can, for long after you have forgotten how to translate Virgil you will remember and enjoy the friendships of your college days.

To those of you who are entering McGill for the first time, not as Freshmen, but as graduates of other institutions of learning we extend a welcome. We trust that you will enjoy studying with us and that you will gain something from the McGill atmosphere. At the same time we trust that you will bring something of your own Alma Mater to McGill. We have always enjoyed the reputation of being a fairly cosmopolitan University and we look to you to lend to the local atmosphere your personalities which in the end add to the outlook of any student body.

To the many old students and professors returning from the long summer recess the Daily extends greetings. We trust you will be patient with the newcomers in our midst and extend to them the traditional McGill courtesy and spirit of friendship. They may be newcomers but they are not strangers for they now are McGill men and women.

The Daily

WE ARE now in our twenty-sixth year as a newspaper and enjoy the position of being the oldest college daily in Canada. The newcomers may well ask what the aims and policies of the Daily are. When publication was first considered in 1911 the following policies were laid down and have been adhered to ever since.

"The Daily resolves

"1. To act as an effective medium of correspondence between undergraduates, faculty, governors, and alumni. We intend to keep every McGill man, old and young, well informed on news of his University.

"2. To boost all feasible schemes of University improvement.

"3. To oppose fearlessly and unceasingly anything that savours of sectionalism in McGill University.

"4. To keep McGill in constant touch with the great University World of Canada, Great Britain and the United States."

This year the Daily hopes to maintain and improve where possible the standard set in previous years. To this end we propose to increase our news gathering services, to outline the various schemes under way to improve the physical property of the University, to keep the students well informed on matters pertaining to

AUDITORS' REPORT

We have audited the books and accounts of the Students' Executive Council of McGill University for the year ended 30th June 1936, and we have obtained all the information and explanations which we have required.

We report that, in our opinion, the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Council's affairs as at 30th June 1936, according to the best of our information and the explanations given to us, and as shown by the books.

(Signed) McDONALD, CURRIE & CO., Chartered Accountants.
Montreal, 28th August, 1935.

student government and student activities at McGill, to extend the space allotted to student opinion on other campuses in this country and others. Our correspondence columns are always open to sincere correspondents and our editorial pen is on the alert to commend or condemn—fairly and on the actual merits as seen by the Daily Managing Board.

While this program is one which we hope to follow we cannot do so alone. To complete our staff we are in immediate need of a hundred reporters, several column writers, one or two men for special work and contributions of all kinds. The Daily is your own newspaper, owned and paid for by you. It is up to you to support it by reporting or contributing articles or letters, by criticising the policies and make-up. Constructive criticism is always welcomed. If you have any suggestions or complaints to make write a letter to the Daily—don't go off and complain to your friends but let us hear about it.

There have been times when the Daily staff has been sadly depleted and the whole paper carried on by a handful of students. Such a situation is unfair to yourselves and to those in charge of the paper. Remember the staff is composed of students like yourselves who work on the paper for the benefits they derive from such experience, and they have to study as well as edit and write for the journal. If a number of people help there is a small amount of light and interesting work for all concerned, and the paper will be a success, however, if the support is lacking there will be a resulting decline in the tone and make-up of the Daily. Will you help? There are still a number of interesting positions vacant on the staff and applications should be made to the News Editor at the McGill Union between one and two o'clock any day this week. The work is arranged not to interfere with regular studying and a wealth of experience may be gained from a year's work with us. All college events have their echo in the Daily office—it is the clearing house of college comment and undergraduate opinion. We hope we may count on your support.

Correspondence

To The Editor of the "McGill Daily".

We students of South Africa are anxious to establish and encourage friendly inter-relations between the Universities of your country and those of South Africa. To do this we desire to open up a University Magazine, and paper exchange between the Universities and inter-correspondence between the individual students.

We have chosen your University, knowing it to be thoroughly representative of your country, and feel sure that you will agree with our suggestion and help carry the entire scheme into effect.

Each University in South Africa (eleven in all) will send its academic and literary productions representative of student life and talent to your libraries, thus enabling your students to obtain a better idea and knowledge of South African University standards, life and customs. The exchange will be reciprocal; you will send your chief publications to the N. U. S. A. S. Correspondents of the various South African universities, whose names and addresses I will forward after student elections have taken place in March 1936, if you are willing to comply.

Everything will be done to promote a flourishing and continuous correspondence between individual students, we appeal to you to collect, using the best and most judicious means of publicity from the most reliable and keen students desiring pen-friends in this country, the following particulars:

1. Name and address (Miss or Mr.)
2. Faculty.
3. Sex and approximate age of correspondent desired.
4. Interests, hobbies, etc.

Such a list posted at your earliest convenience will be welcomed by the N. U. S. A. S. Correspondence Exchange. Quite a number of South Africans are anxiously awaiting the names of future pen-friends from your country.

This seems to me to be the best means of promoting our scheme, which, undoubtedly, and from every point of view, can have only beneficial results.

We anticipate an early favourable reply, together with a list of would-be pen-friends, their names and the necessary details.

Thanking you, and with student good wishes, I am,

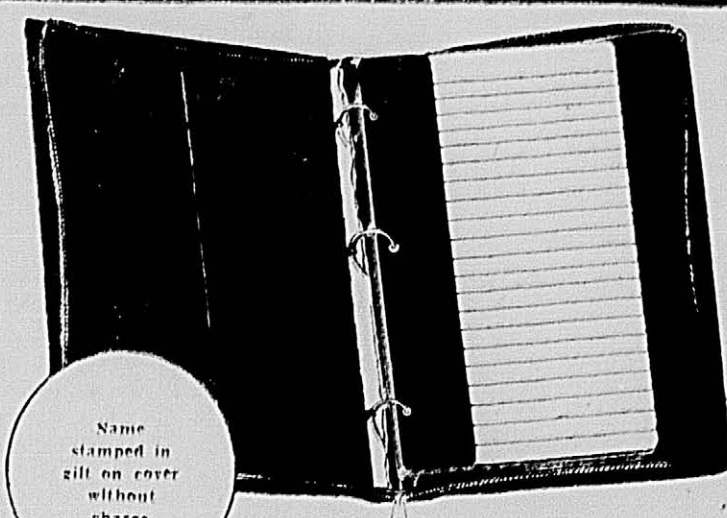

Yours cordially and sincerely,

PAULINE B. ROSENTHAL,
(Acting-Secretary—Magazine & Correspondence Exchange)

Whatever your calling in the years to come, your banking connection will play an important part in your daily life.

It is never too early for the student to form this contact. A savings account will be of immediate practical use for depositing money for college expenses; it will also help you to build up a "success fund" and to form a connection that will be of advantage to you when you enter business or professional life.

The Bank of Montreal—Canada's oldest bank—welcomes your account while you are still at college, and—with its long experience, great resources and nation-wide organization—it is in a position to give you helpful service wherever you may live in later years.

The branches listed below give particular attention to the accounts of McGill students.

On Taking Notes

(By Prof. Watson Kirkconnell, Deputy Head of Classics, Wesley College)
The Editor, one D'Arcy Dolan,
Whose bump of energy is swollen,
Has posted me to pen a treatise
On NOTES—not written to one's
sweeten.

But that more melancholy kind
Peculiar to the college grind,
The trouble with the darned assign-
ment
Is that the profs keep no alignment,
But are as various a lot
As were the beasts on Noah's yacht:
One doesn't seem to care a penny
What sort of notes you take—if any.
Another (how his pupils hate him!)
Wants every word set down verbatim
With punctuation to the comma.
(Imagining having been his mamma!)

Others there are who ebb and flow,
Now fast and loose, now strict and
slow,
With such disparity enormous
Between March Hare and fussy Do-
mouse
And intermittent Kangaroo,
What can a baffled Freshman do?

First let me postulate, my friend,
That notes are taken for an end,
The mastery, to wit, of knowledge,
For that is why you came to college.
Thus notes are not (please get this
straight!)

Stole victuals to regurgitate
With pain in April and December,
But adds to help you to remember
The deep significance in things
That a well-ordered lecture brings
Therefore your mind, alert and ready,
Must follow with attention steady
And flail the harvest from the chaff
In every wordy paragraph.

Storing it in your books away
For coming at the close of day,
And if some point is far from clear,
Just take it to your prof, my dear!
Ask him the How, Why, What, and
Wherefore—

That's what the learned lad is there
for.
It follows from all this that you,
In class, must not admire the view
Out of the window, or, more flighty,
Wink at some idle Aphrodite,
Or wander, with attention skimping,
In tales of Popeye, Toad and Wimpy,
Betraying by your vacant smile
The day-dreams of a juvenile.

Your note-books, likewise, should be
kept
Like tidy mansions, neat and swept.
Place every subject by itself—
Each package on its proper shelf,
Two subjects on a single page
Should put your reason in a rage
As much as furnaces in garrets
Or sowing wheat with garden carrots.

Like tidy mansions, neat and swept.
Place every subject by itself—
Each package on its proper shelf,
Two subjects on a single page
Should put your reason in a rage
As much as furnaces in garrets
Or sowing wheat with garden carrots.

"Bond Street" Shoes FOR COLLEGE MEN

\$9.75

At \$9.75, "Bond Street" shoes give college men the
typical Dack quality which, for more than a
century, has set the standard in fine footwear for men.
Style—fit—comfort—durability—these combined with
selected Canadian leathers and skilled craftsmanship
—are factors in a value which defies comparison. See
the distinctive "Bond Street" models now on display.

If out of town, write for catalogue

Travel Appeal Packs Pages Of New Canada Book

Story of Friendly Vacation-Land Across Border Published
At Ottawa — Stresses Open Spaces — Request To
Travel Bureau Brings Volume Fit For Library Shelf

Packed between the covers of the
magazine booklet entitled "Canada In-
vites You", just issued here, is a wealth
of authentic information about the far-
flung Dominion and the wide diversity
of vacation attractions which await
visitors to the land of "your friendly
neighbor".

Published by the Canadian Travel
Bureau of the Department of Railways
and Canals, this booklet is available
without charge to all who make written
application to the Bureau at Ottawa.
Enquiries from all parts of the United
States are already pouring in.

Beautifully illustrated with photo-
graphs, some of which are delicately
colored, this 68-page publication is
likely to find a permanent place on
most library shelves for its educational
value alone. The photographs present
to the eye subjects of compelling inter-
est such as places famous in North
American history; monuments, cities,
provincial parliament buildings, rail-
ways, boats and yachts, forests, lakes,
mountains, action fishing scenes, camp
scenes, bear, moose, deer and other
animals which await the hunter. Other
photographs show popular games play-
ed in Canada, while there is a fine color
print of the famous Dionne quintuplets
and Dr. Allan Roy DeFoe.

Well-written articles direct the atten-
tion of readers to highlights in Cana-
dian history, while other articles
graphically unfold something of the
inspiring grandeur of Canada's great
National Parks, and takes the reader
on a fast-moving and thrilling survey
of the Dominion's mighty forests,
teeming with game, birds and animals,
and sparkling lakes and streams where
all varieties of fish abound. Travelling
by motor, train and boat and the wide
range of fine accommodation facilities
are also discussed in an informative
manner. Some of the attractions to be
found in Canada's modern cities as well
as in her vast, virgin hinterland form
the subjects of vivid pen-pictures.

With a view to assisting prospective
visitors, helpful suggestions concerning
enjoyable cruises and interesting tours
are also advanced. At the same time,
clearly-printed and beautifully colored
maps are also reproduced. One of the
many interesting features of the book-
let is the information given under the
caption, "When It Happened". Dates
from 1497 to 1936, give the reader at a
glance invaluable data and important
milestones in Canadian history. There
are also interesting questions and an-

steamship agencies.
Comparable in its general make-up
and art work to some of the higher-
priced magazines, this free magazine-
booklet offers hours of interesting
study to those who are eager to add to
their knowledge.

COLORED GLASSES

BY RICHARD HILL WILKINSON

Ever since the game had started the man wearing the colored glasses had been watching Rupert. He sat on a bench on the sidelines, racket and tennis balls at his feet, sweater draped over his shoulders, arms folded. That part of his face which was visible was void of expression, but even though there had been a smile on his lips Rupert wouldn't have noticed. For he was conscious of nothing but the man's eyes, the colored glasses, staring at him like two empty holes, watching his every move, following his every stroke.

Such things are apt to prove extremely annoying. Especially if you are inclined to be self-conscious and uneasy when under close scrutiny. Before the set was half finished, Rupert was angry. He was angry because the man with the colored glasses was affecting his game. Defeat, and it appeared now that defeat was inevitable, could be attributed to nothing except those two staring blank eyes. It was exasperating. Vehemently, Rupert served his second ball and watched it kick up dust outside the sidelines on the opposite side of the net.

"Double fault!" sang out Eddie Ashworth.

Rupert gritted his teeth. He could see the faint smile on Eddie's lips, and this, too, was annoying, because he had made a bet with Eddie that he could beat him at tennis without half trying. Not only was \$50 at stake (and Rupert couldn't spare \$50 very handily) but Rupert's honor was in the balance.

The man with the colored glasses had arrived while Rupert and Eddie were rallying, preliminary to start-

Physique, Fitness
Often Unrelated

British Scientists Make
New Discovery.

London — Physique and physical fitness are, contrary to the general belief, not synonymous. They are only indirectly related, the Industrial Health Research Board of Great Britain has found from an exhaustive investigation.

It was, for example, impossible for the investigators to pick out the strongest man by his appearance or physical fitness, as measured by strength test. When this was tried errors were made in such numbers that it was like guesswork. Men doing heavy labor were often found low in the power of their grip. This was thought to be because the hands had become stiff with hard labor and the motor control in cleaving the hands was lessened. If a man had a large abdomen, he made a low score in the lumbar pull, caused partly, the investigators thought, from caution for fear of abdominal strain.

Trials Reviving Interest
In All Track-Field Sports

Amherst, N.S. — (CP) — Even if Maritime athletes who are casting long eyes at a berth on Canada's Olympic team are unsuccessful, the trials will do much to revive interest in track and field events in Eastern Canada this summer. One meet has already been held at Amherst and another one is scheduled for the latter part of June. Springfield will hold a senior meet, Donington Day and New Glasgow will be the scene of the annual firemen's sports two weeks later. Antigonish and Pictou will hold their Highland Games, and Nova Scotia will bid for the Maritime meet, the major one of the year.

Redmen Trounce Eastward Handily In Grid Opener

McGill Backfield Flashes Speed In 25-2 Victory

Fumbles And Penalties Costly To Eastward — Hamilton Handles Seniors Smoothly — MacArthur, McConnell Feature In End Runs — Letourneau And Hall Tackle Well

By Pete Fuller

EVERYTHING started off on the right foot last night. The Senior Redmen won a smashing football game in true McGill fashion. The display was a fitting tribute to the crowd of freshmen that turned out to view their first undergraduate football game. The display of fireworks and the wrestling display went off without a hitch.

To get back to the game the boys trimmed the Eastward Intermediate 25-2 in an exhibition game and considering it was their first game of the season they showed exceptionally fine form. The team have an important exhibition game this Saturday when they play the annual classic against R.M.C. Although the fumbles made by Eastward had a great deal to do with the score the Redmen completely outclassed them in every department except the kicking and possibly the forward passing.

The Red backfield combination of Hamilton, MacArthur, McConnell, McNeil and Hedge ran the other side dummy with their end runs and the running back of kicks. The line held very well and also did their share in moving the ball up the field. The plunging of Bartram and Telford gained more than one first down for the Red while the tackling of Letourneau and Hall stopped the Eastward backfield in their tracks time after time.

Doug Kerr

"Pop" and McBurney Best For Eastward

Poplowsky and McBurney were the best players for the Eastward outfit with the latter kicking consistently for fifty yards. Atchison tossed forwards with plenty on the ball but the receivers failed to come across.

Hamilton kicked off for McGill and Eastward fumbled the ball on their first down. Telford recovered for McGill on Eastward's twenty-five yard line. Hamilton immediately kicked a rouse with Hall being in on the tackling end. After a few more fumbles mostly by Eastward the Reds were

Opening Rounds Of Tennis Tournament Set For Tuesday

Entries In Order For Annual Net Event

MURRAY DEFENDS TITLE

TENNIS is among the early sports events this term. Commencing next Tuesday, and continuing through Saturday the 10th, the annual tournament for the men's singles championship will hold a ray of the spotlight next week.

The dates of the tournament, which were announced by the Athletic office yesterday, are a little ahead of their usual schedule this year so as to leave time to pick a McGill net team to compete in the Canadian Intercollegiate at Toronto on the 10th.

Veterans Returned

Defending his title for the third consecutive year, Bob Murray comes back to the campus from a round of summer travels which have included Wimbledon, Forest Hills and several Canadian provincial. Stuart O'Brien, runner-up last year is also expected to enter.

The draw will probably be made next Sunday night to enable publication in Monday's Daily. Entries will be taken by Pete Neilsen at the McTavish street courts and are to be accompanied by a 50 cent fee and the entrant's phone number. Eben Cutler, manager of the Tennis Club, is in charge of the tournament. Any inquiries can be made to him at PL. 7335.

Two Rounds Tuesday

Weather conditions permitting, the finals should be played Saturday week, which is October 10th. This means that the best part of the first two rounds will be run off Tuesday. Since Founder's Day falls on that date, lectures will not interfere with the court schedule.

Captain Stuart O'Brien expressed the hope last night that the tournament would bring to light prospective members for the McGill team. He intimated that there were vacancies to be filled.

Meet At Toronto

The intercollegiate tourney in Toronto on the 10th, of which the McGill competition is a forerunner, will draw racket wielders from Varsity, Queen's, U. of M. and R.M.C., with McGill defending champion. The crown was retained last year, it will be recalled, by a narrow one-point margin. At that time it was Bob Murray who pulled the Red and White through by winning the final against Leclerc and keeping his individual title.

SPORTS NOTICES

There will be a meeting of the Faculty Athletic managers in the Union Music Room Friday October 2nd at 5:30 p.m.

TENNIS TOURNAMENT

First day of play, Tuesday Oct. 6th. Entries close Saturday evening at 7:30. Entry fee 50 cents.

WATER POLO

The water-polo season commences on Friday at 5:00 P.M. at the Knights of Columbus Swimming Pool on Mountain Street. All those interested in either swimming or water polo are urged to report to Manager Crabtree at 5, at the tank before the first practice.

TRACK CANDIDATES

Fifty more track candidates wanted. Report at Stadium any day between 3 and 6 p.m. First and second year men preferred. Previous experience not necessary. Interfaculty meet Thursday, October 15th.

aid, Harfield, Bond, McMullin, Atchison.

Referee: Harold Platt.

Umpire: Frank Shaughnessy, Jr.

Notes

Captain Doug Kerr and his aides made a highly successful start and things look very rosy for the Ill with the Cadets this Saturday.

+

+

+

The crowd of about four hundred freshmen did a lot towards making the evening a success. Their yells were louder and more frequent than those heard at the regular games last year.

Cheer leader Joe Peck and his assistants, Roy Smith and Geoff Hess, turned in a fine performance, the fireworks were simply thrilling! Joe announced that there will be a freshmen parade to the game Saturday, seats will be reserved for those taking part.

The wrestling at the interval was well fought out, the result being a tie between Bert Ovendon and Johnny Walker. Lawrence Billingsley handled and announced the match perfectly.

The Scarlet Key were out on mass. The atmosphere at Trail must be excellent judging by the smart way one of the Key men performed. What do you think Don?

The manager of the Senior Hockey team did his share of the yelling in the Freshies section of the stands.

Spikes Flash, Cinders Fly As Trackmen Start Grind

Munroe Bourne Heads Team — Meet Here This Year — Olympic Stars To Be Featured — New Blood Plentiful — Meiklejohn, Morgan Field Event Hopes — Upsets Expected — New Scoring System For Intercollegiate — Five Teams Entered

RECORD turn-outs seem to be in order this season, with interest in athletics at a new high. While some 65 candidates have been taking part in the football drills, Coach Van Wagner has been busy on the track directing the activities of fully 75 devotees of the lighter but none the less serious cinder and field events. Some are up "just for conditioning," but most are aspirants for the two college teams or for the barrier squad. Anyway, Manager Art Wilkinson's resources have been almost drained, and all further aspirants are asked to bring their own equipment.

Golf

There will be a trial for the McGill Intercollegiate golf team tomorrow afternoon at the Ben-constfield Golf Club.

There are a few vacancies to be filled due to graduation, so newcomers will be especially welcome. Green fees will be one dollar.

For further information, please get in touch with Graham Ferguson, team manager, at M.A. 3101.

Bourne Captains Team

Heading the list of veterans who have been training steadily at the stadium track for the past few weeks is Munroe Bourne, captain of the senior squad this year.

A member of Canada's Olympic swimming team, Bourne has returned from Berlin in top condition and will be favoured to retain his Intercollegiate mile championship gained last year when he and Phil Edwards ran one-two in the meet at Toronto.

Greater interest is attached to track this season because of the fact that the Canadian Intercollegiate meet is being held here on October 23rd. The date has been declared a University holiday, and will be one of the high spots of the Graduates' Reunion that week-end. "Van" is hoping to gain his seventh consecutive win on this occasion, and McGill's 14th in the 17 years since the war. A good part of Canada's Olympic squad will be on display in this meet, including O'Connor and Conway of Varsity, and Western's great hurdler and quarter-miler, Johnny Loaring.

Newcomers Turn Out

Among the men who have been prominent in recent workouts are two new sprinters, Jim Bannon of New Hampshire and Frank Gianassio of Alfred College, N.Y. The retirement of Thorly Goodfellow leaves Charlie Thompson as the only remaining first-string dash man, but Bill Lillie, double Intermediate sprint champ, should be able to make the jump to senior company. Elton Pounder and Munroe Bourne are the survivors of last year's running division, weakened by the graduation of Phil Edwards. Doug, Amaron and Frank Nobbs. However, John Pearson, another double Intermediate winner (440 and 880) will be available if he can nurse a troublesome ankle sprain back to normal.

Bob Quinby, former Dartmouth miler is expected to strengthen the middle distance section. Terry Todd, senior three-mile champ and runner-up for the Dominion steeplechase crown at Molson Stadium in July, returned to the fold this week, while the veteran Clarry Frankton is looking toward his

best season yet. Another perennial harrier who will be on hand is Ray Stote, holder of the college three-mile mark. Ray has been dogged by illness lately, but expects soon to regain his early summer form when he was a leading participant in both Provincial and Dominion distance events. Glenn Cowan, of Hamilton C.I., and Bruce Crutchfield, youngest of the hockeying Crutchfields from Shawinigan Falls, are two other milers who have shown promise.

Meiklejohn In Weights

On the field, Gordie Meiklejohn is back for another big season in the weights events as preparation for the hockey schedule. Big "Mike" won both the discus and shot put with ease at Toronto last October, and "Hank" Morgan is again on hand for a bit of friendly competition. Newcomers to the weights ranks include Klesane, from Norwich, and Promson of Manitoba, while Turnbull has been tossing the javelin with Ed. Lareau of last year's squad. Tom Richter is expected out soon in this latter specialty. Irv Smith and Hayden Bryant in the high jump, Henry Romans and Clayton Crosby in the broad jump, and Ericsson Love and McCorkle in the pole vault are well-known figures who are now rounding into condition under the care of "Van" and Trainer Ernie Cook.

But this is a season when unknowns are just as likely to usurp places on the first squad. Several aspirants, for example, are already on the trail of Gene Record for places in the hurdling division. The surprisingly large answer to Van's call for material leaves any advance prognostications on the make-up of this year's first squad open to question, with 19 places to be filled. Scoring has been changed to the 5-3-2-1 basis, with fourth places counting. The meet this year has been thrown wide open to all colleges of the Intercollegiate Union, and additions are likely to last season's five-teams entry of McGill, Varsity, Queen's, McMaster and Western. The latter, by the way, is reported to have several new stars in addition to Loaring and Paterson.

Medicine Defends Title

The Interfaculty meet is just two

weeks away. Medicine will attempt to retain the crown, which they wrested from Arts on October 15th. In addition to the senior team, nineteen places will be vacant for McGill's entry in the Intermediate meet with R.M.C. and Ottawa University on October 30th. All interested in track and field are invited to join the workouts now being held daily at the Stadium from 3 to 6.

COUCHICHIING — 1936

TOWARD the second week in Sep-
tember, by highway and byways,
there came to the YMCA Park on Lake
Couchiching, Ontario, students from
nearly every university in Canada—
students from B.C. to Nova Scotia—
all drawn, not so much by the spell of
the beauty of the location, a spot gazed
on by the intrepid explorer Champlain
himself, but by the fact that there was
held the Central Area Conference of
the Student Christian Movement from
September 9 to 18.

McGill was represented by its full
share of students, some 15 leaving by
bus on September 8 to join others from
Toronto and many other points, both
east and west, until about 135 students
were finally settled in the picturesque
cottages along the Lakeshore for nine
days of a stimulating vacation.

To help brush up the wits of all at-
tending, there were invited to the Con-
ference from far and near, leaders of
high standing who in typical SCM
manner soon had brains functioning
over-time and everyone feeling per-
fectly at home in the common task of
unravelling all kinds of knotty prob-
lems from the situation in Europe and
the proper function of the Church to
the political conditions in Canada.

Dr. Horton of Oberlin College, Ohio,
led the group in grand style, tracing
in an elaborate "tense poem" the
change from the Idealism of pre-war
days to a recognition of the necessity
for realism in religious thought at the
present time. Thence he led everyone
onward in a careful analysis of the re-
lation of God and Man, gave us a larger
view of the Church, raised a veil
for a moment and showed us an inspir-
ing glimpse of what the World might
yet become, and left us at last with a
ringing challenge to build up our own
philosophy of life upon a sound and
progressive appreciation of Christian-
ity.

With scarcely time to digest this rich
material a new treat was presented in
the person and thought of Dr. Visser't
Hooft of Holland, General Secretary of
the World Student Christian Federa-
tion, whose headquarters are in Gene-
va, Switzerland. From him we learned
of the seemingly hopeless mess stud-

ents are in in various European
countries with the clash of many "ab-
solutist" myths like those of race and
class, with the demands of honest reli-
gious thought all producing bitter ten-
sions between individuals and groups.
Yet in all these conflicting facts Dr.
Visser't Hooft saw the paramount re-
levance of the teachings and life of
Jesus and the need of students to be
used in some purpose which can be be-
lieved in and which will prove su-
perbly worthwhile. Thence he showed
various aspects of the life of the
Christian in our modern world, and
left us just a bit bewildered about
"Barthian Theology" and Social Ac-
tion.

To fill in the gaps between the main
addresses there were on hand such out-
standing men as Robert Mackie, gen-
eral secretary of the British Student
Movement, Dr. T. H. Sun, editor of
the Christian Farmer, and J. King
Gordon of the United Church of Can-
ada.

Another phase of the Conference was
the splendid work done by Mr. Russell
Ames Cook of Boston, who, as a very
experienced conductor of choral and
orchestral music, infused such a gen-
eral spirit of good will amongst every-
one as can only be done by one queen
of the Muses, Music! herself. Under
Mr. Cook's training there grew up a
wonderful choir of some sixty voices,
and in about a week was produced
such music of Bach, Handel, and
Brahms as formerly seemed limited to
specially trained people.

Added to all this there were the
small study groups led by Bruce Cop-
eland, recently returned from China as
was also Earl Wilmut, while Harry
Avison, formerly an SCM secretary at
McGill, and others, gave capable lead-
ership to different groups and helped
to make the Conference one to be re-
membered long by those who had the
good fortune to attend and to partici-
pate in the recreation, the main pro-
gram of addresses, the music, and that
mysterious sense of good fellowship
only possible amongst such surround-
ings. Thus came to a close another
Central Area Conference at Couchich-
ing. L.W.

Red Soccer Squad Opens Season In Exhibition Contest

Meet Rosemount Eleven At
Stadium Tonight—Pre-
pare For Trip

MCGILL'S 1936 edition of the soccer
team camps into its first exhibi-
tion game of the season tonight when
it hooks up with Rosemount of the
Montreal League first division under
the floodlights at the Stadium at 7:30
sharp.

The practices have been well attend-
ed as many as thirty men having re-
ported to Coach Ray Finlay to date.
The attraction to the soccermen is the
trip to the United States on Oct. 7.
The team, some fifteen or twenty
strong, will play Springfield, Yale, and
Bensenville in the order named. The
players will travel by bus, and a live-
ly time will be had by all.

Only Three Vacancies
There are only three vacancies for
the first string, Horsmull and Cahusac
of Macdonald having graduated, while
Thatcher will not be able to play this
year. There are numerous candidates
for the vacancies, these positions will
be decided after tonight's game and
the game on Saturday against C.N.R.
juveniles.

The three legal lions, Captain Arthur
Minnion, Swede Owen and Johnny
Nolan, are back once again to form the
backbone of the team. This is their
final fling at the game inasmuch as
they graduate this year and they intend
to end up their soccer career with a
flourish.

The intercollegiate team are left
without a schedule this year. R. M. C.
having withdrawn from the league
since they were only absorbing defeat
after defeat at the hands of their older
opponents, Toronto and McGill. To-
ronto Varsity have about turned and
joined the western section of the inter-
collegiate league which consists of Mc-
Master, O.A.C. and Western How-
ever, negotiations are being carried on
whereby McGill will challenge the win-
ners of this league.

Practices Held Daily
Practices are being held daily at the
upper stadium at 5 P.M. and all candi-
dates are welcome, especially goalers.
The interfaculty league will be start-
ed soon, "and an early start for you
faculty means a good team, and a good
team means a trip to Macdonald."

The line-up for tonight's game fol-
lows:—McGill: Goal, Pengelley; full-
backs, Laing and Janikum; half-backs,
Bailey, Owen and Minnion; forwards,
Lowe, Porteous, Rudd, Nolan, Baran-
ofsky; Subs, Archer, Smart, Scott,
Simpson.

Oarsmen Take On Ottawa In Return Race On Saturday

MCGILL'S new rowing crew will be
on display for the third time this
season, and the first time on their
home course, the two-mile stretch on
the Lachine Canal, this Saturday, after
the R.M.C. game. Coach Mel Warren
has several surprises up his sleeve as a
result of the club's summer train-
ing session at the Royal St. Lawrence
Yacht Club, and arrangements are be-
ing made to handle a large crowd.

The Red oarsmen's opponents will
be the Ottawa Rowing Club crew, which
has improved considerably in the past
year, and defeated McGill by a length
last Saturday. Warren has been train-
ing the crew hard this week, however,
and the advantage of being in their
own boat is expected to give the Red-
men a good margin. Further details of
the race will be announced in tomor-
row's Daily.

Naive Freshman

Freshmen! They wear verdant caps
and high school sweaters and class of
'36 pins. Under their arms they lug
shining new books and genuine leather
notebooks and in their pockets handy
pucks of matches. Their shoes are
polished and their trousers creased.

On the campus they swagger a little,
but they invariably pause a moment to
be sure they're in the right building.
On their faces is a look of pride, not
unmixed with fear. They are suscepti-
ble to subscription-buying and they
want to pay immediately. They travel
in groups of five or six, seldom alone.

In class they troop to the front row
and sit with fountain pens poised. They
wish they had taken shorthand in
school; the professor speaks so rapid-
ly. They wonder why he talks on and
on. Who ever heard of a class where
the pupils said nothing? They com-
plain about having to take military
classes and then proceed to enjoy them-
selves marching with the rest of the
boys.

In the Commons they stir chocolate
frosts and wonder what they're made
of. They stare at the band and tap
their feet enthusiastically in time to
its music. They like "singing" songs.
They talk of the canoe trips they took
last summer and of the girls at home
they're going to write to. They point
out their room mates who, of course,
are "the best" men on the campus.
They're a little bewildered, but they're
going to like it.
